CASE # 15 CR 0010

MOTION TO ADJOURN SENTENCING

I, Charles Weber, moves the court to indefinitely adjourn sentencing an innocent man to incarceration for the grounds set forth below.

1 For the reasons contained in the OBJECTION TO PRESENTENCING REPORT, the SS ID card was returned with correspondence to correct their records to my correct Article 4 Citizenship. The Social Security Administration received this October 4, 2018.

Instructions were given to contact the appropriate agencies for the corrective change. The corrections may take 90 days and I may not have any notice of that change for a while.

Since I have not received any notice, correspondence was just sent to the DOJ, Treasury, IRS, State Department, and FBI with the SS VERIFIED NOTICE AND DEMAND documents and supporting documents.

A change in status correction will render any conviction null and void.

2 The government has still yet to provide the physical characteristics or/and the classification of person that attaches the 14th Amendment to myself.

3 The government has not still rebutted the non-resident evidence I presented to support my position in the MOTION FOR ACQUITTAL. That is factually true using the government's own words.

4 The MOTION FOR ACQUITTAL has not been decided. The government's case is based entirely on hearsay and false accusations as stated in the MOTION FOR ACQUITTAL papers. The statements contained herein are made to the best of my knowledge, are true as I know them to be, and are made under the penalty of perjury.

5 Provide for any further relief the court deems just.
